(1) Before granting a license to practice psychology and to use the title "Licensed Psychologist" the board shall require the applicant to pass an examination in psychology and to fulfill all requirements for supervised experience.

(2) The applicant shall:

(a) Pay a fee not to exceed three hundred dollars (\$300);

(b) Have received a doctoral degree in psychology from a regionally accredited educational institution; provided, however, the board may grant a license to an individual otherwise qualified under this chapter who has received a doctoral degree in psychology from an educational institution outside the United States, if the educational institution would otherwise be accredited by a regional accrediting body if located in the United States; and

(c) Have had at least two (2) years of supervised professional experience satisfactory to the board, one (1) year of which shall be postdoctoral.

(3) Upon acceptance of the application to sit for the examination in psychology, the applicant may practice psychology under the supervision of a licensed psychologist under conditions of supervision and temporary licensure established by the board. The board shall establish a grace period not to exceed sixty (60) days to allow for the employment and supervision of the applicant by an agency from the time the applicant's degree requirements are completed to the submission of the complete application. During this period of supervision, the applicant for licensure may not supervise certified psychologists, licensed psychological associates, other applicants for licensure, or temporarily licensed persons, nor shall he engage in an independent practice, except under the employment of his supervising psychologist. Upon certification to the board of completion of the one (1) full year of supervision satisfactory to the board, the applicant shall be examined in the practice of psychology.

(4) The board shall grade and keep the examinations and results on file for one (1) year.

Upon written request to the board, an applicant may arrange to discuss his or her performance on the examination.

(5) Upon successful completion of the examination process, the applicant may use the title "Licensed Psychologist."

Licensed psychologists may supervise no more than a total of six (6) certified psychologists, licensed psychological associates, or applicants for licensure at one (1) time.

(7) The board shall after examination issue a license to practice psychology. The designation "Health Service Provider" shall be made on the license of those licensed psychologists who perform activities which include the delivery or supervision of direct health-care services to individual or groups who are intended beneficiaries of such services and who have completed appropriate training and supervised experience, including an internship, in health service delivery at the doctoral level.

319.053 "Licensed psychological practitioner."

(1) A person holding a credential as a certified psychologist or as a licensed psychological associate may apply for a license to perform certain functions within the practice of psychology without supervision and to use the title of "licensed psychological practitioner" when all of the following conditions are met:

- (a) Submission of three (3) letters of endorsement to the board to sit for the examination;
 - 1. One (1) of the letters shall be from the applicant's current board-approved supervisor of record and shall include a statement describing the scope of practice demonstrated in the clinical experience of the applicant; and
 - 2. Two (2) letters shall be from licensed mental health professionals who are acceptable to the board and who are familiar with the clinical work of the applicant;
- (b) Payment of a fee not to exceed two hundred dollars (\$200);
- (c) Documentation of at least sixty (60) semester hours of graduate study in psychology or a related field or its equivalent acceptable to the board; and
- (d) Completion, after credentialing by the board as a certified psychologist, psychological associate, or licensed psychological associate, of the equivalent of five (5) full-time years of professional experience under the supervision of a board-approved licensed psychologist.

(2) An applicant for licensure under this section shall not have been subject to disciplinary action by the board. An applicant who has been the subject of disciplinary action may appeal to the board for an exception.

(3) An applicant for licensure under this section shall be required by the board to pass the national objective examination known as the EPPP, with a score equal to or exceeding the score required for passage for a licensed psychologist candidate at the doctoral level at the time the examination is taken. The board shall accept the applicant's previous examination results for the objective EPPP examination if the original test score satisfied the licensure requirement at the doctoral level in effect at the time of that test administration. If the applicant's previous score does not meet this criterion, the applicant may retake the examination until the score obtained equals or exceeds the score required for independent practice at the doctoral level at the time the examination is taken.

(4) The board shall require an applicant for licensure under this section to pass an oral examination on psychological practice, ethical principles, and the law. The oral examination shall be conducted by an examination team that is designated by the board and that consists of at least one (1) licensed psychologist and either one (1) certified psychologist with autonomous functioning or one (1) licensed psychological practitioner. The oral examination shall be evaluated using the same criteria as the oral examination for licensed psychologist candidates.

319.056 "Certified psychologist with autonomous functioning" -- "Certified psychologist" -- Practice and title authorization.

(1) A person currently authorized to use the title "certified psychologist with autonomous functioning" may continue to function with that title or may choose to permanently change this title to "licensed psychological practitioner" and notify the board of this choice. The board shall issue a license at the time of renewal to the credential holder with the title of choice.

(2) A certified psychologist with autonomous functioning or a licensed psychological practitioner may continue to function without supervision unless the board revokes his or her license pursuant to KRS 319.082. He or she shall not supervise certified psychologists, licensed psychological practitioners, or licensed psychological associates.

(3) A person currently authorized to use the title "certified psychologist" may continue to function with that title or may choose to permanently change this title to "licensed psychological associate" and notify the board of this choice. The board shall issue a license at the time of renewal to the credential holder with the title of choice.

(4) A certified psychologist or a licensed psychological associate may continue to function under the supervision of a licensed psychologist unless the board revokes his certificate pursuant to KRS 319.082.

(5) A certified psychologist, whether functioning under that title or as a licensed psychological associate, may perform certain functions within the practice of psychology only

under the supervision of a licensed psychologist approved by the board, and shall not employ or supervise other certified psychologists, licensed psychological practitioners, or licensed psychological associates.

319.064 Psychological associate.

(a) Pays a fee not to exceed three hundred dollars (\$300);

(b) Has received a master's degree in psychology acceptable to the board from a regionally accredited educational institution or from an educational institution outside the United States, if such educational institution would otherwise be accredited by a regional accrediting body if located in the United States; and

(c) Has passed an examination procedure in psychology.

(3) Upon acceptance of the application to sit for the examination in psychology, the applicant may practice psychology under the supervision of a licensed psychologist under conditions of temporary licensure established by the board. The board shall establish a grace period not to exceed sixty (60) days to allow for the employment and supervision of the applicant by an agency from the time the applicant's degree requirements are completed to the submission of the complete application.

(4) The board shall grade and keep the examinations and results for one (1) year. Upon written request to the board, an applicant may arrange to discuss his or her performance on the examination.

(5) Any psychological associate licensed pursuant to this section may perform certain functions within the practice of psychology only under the supervision of a licensed psychologist approved by the board. (a) Committed any act involving moral turpitude, dishonesty, or corruption, relating to the practice of psychology, whether the act constitutes a crime or not. If the act constitutes a crime, conviction in a criminal proceeding is not a condition precedent to disciplinary action. Upon conviction of such a crime, the judgment and sentence is presumptive evidence at the ensuing disciplinary hearing of the guilt of the licensee or applicant of the crime described in the indictment or information and of the person's violation of the statute on which it is based. For the purpose of this subsection, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for the conviction and all proceedings in which the sentence has been deferred or suspended;

(h) Failed to comply with an order issued by the board or an assurance of voluntary compliance;

(i) Aided or abetted an unlicensed person to practice when a license or certificate is required;

(j) Grossly overcharged for professional services;

(k) Practiced beyond the scope demonstrated by an appropriate combination of knowledge, skill, experience, training, and education;

(l) Failed to provide adequate supervision for certified psychologists, licensed psychological associates, applicants for licensure, or other staff;

(m) Been convicted of any misdemeanor or felony relating to the practice of psychology. For the purposes of this subsection, conviction includes all instances in which a plea of guilty or nolo contendere is the basis for conviction and all proceedings in which the sentence has been deferred or suspended;

(n) Physically abused or had sexual contact with a patient, client, student, or supervisee;

(o) Been convicted of a misdemeanor offense under KRS Chapter 510 involving a client, patient, or student, or a felony offense under KRS Chapter 510, 530.064, or 531.310, or been found by the board to have had sexual contact as defined in KRS 510.010 with a client, patient, student, or supervisee;

(p) Improperly divulged confidential information;

(q) Exercised undue influence in such a manner as to exploit the client, patient, student, or supervisee for financial or other personal advantage to the practitioner or a third party;

(s) Failed to comply with the requirements of the board for continuing education.

(2) Private admonishment shall not be subject to disclosure to the public under KRS 61.878(1)(l) and shall not constitute disciplinary action, but may be used by the board for

statistical purposes or in subsequent disciplinary action against the credential holder or applicant.

(3) No unlawful act or violation of any provision of this chapter by any credential holder employed or supervised by a licensed psychologist shall be cause for the revocation of the supervisor's license, unless the board finds that the licensed psychologist had knowledge of it.

(4) Three (3) years from the date of a revocation, any person whose license has been revoked may petition the board for reinstatement. The board shall investigate his or her petition and may reinstate his or her license upon finding that the former licensee has complied with the provisions of this chapter and administrative regulations promulgated by the board and is again able to engage in the practice of psychology with reasonable skill, competency, and safety to the public.

(5) The board may, at its own discretion, reconsider, modify, or reverse its probations, suspensions, revocations, restrictions, or refusals to issue or renew licenses at anytime.

319.092 Administrative hearing -- Sanctions -- Appeal.

(1) In every proceeding for probation, suspension, or revocation of a license, an administrative hearing shall be conducted in accordance with KRS Chapter 13B. The board or a hearing officer appointed by the board shall conduct the hearing.

(a) Revoke or suspend the license;

(b) Impose a monetary penalty not to exceed two thousand dollars (\$2,000) per violation;

(d) Require the credential holder, as a condition of probation, to submit to care, counseling, or treatment by a professional designated by the board, or require the credential holder to be supervised by a licensed psychologist designated by the board. The expense of this action shall be borne by the credential holder on probation;

(e) Modify the conditions of the probation, with good cause, and may include among them any reasonable condition for the purpose of the protection of the public, or for the purpose of the rehabilitation of the probationer, or both;

(f) Require restitution; and

(g) Assess the costs of the disciplinary proceeding.

(4) If the board substantiates that sexual contact occurred between a credential holder and a patient while the patient was under the care or in a professional relationship with the credential holder, the credential holder's license may be revoked or suspended with mandatory treatment of that individual as prescribed by the board. The board may require the credential holder to pay a specified amount for mental health services for the patient which are needed as a result of the sexual contact.

(5) Final orders of the board suspending or revoking a license or placing a credential holder on probation shall become effective immediately after written notice is served on the credential holder and the credential holder shall not, after notice of same, engage or continue to engage in the practice of psychology unless the board's final order is revoked or modified by the court after judicial review.

(6) The board shall make public its final order in all disciplinary actions.

(7) Any person aggrieved by a final order of the board may appeal to the Franklin Circuit Court in accordance with KRS Chapter 13B.

(2) Notwithstanding the existence or pursuit of any other remedy, civil or criminal, the board may institute and maintain actions to restrain or enjoin any violation of this chapter, rules and administrative regulations, or order of the board.

(3) The surrender of a license shall not serve to deprive the board of jurisdiction to proceed with disciplinary actions pursuant to this chapter.

(4) The city, county, Commonwealth's attorney, and the Attorney General shall, within their respective jurisdictions and within their legal discretion, represent the board, its agents, and employees, in the enforcement of the provisions of this chapter and the rules and administrative regulations of the board.

At a minimum, confidentiality shall be maintained through appropriate processes, practices, and technology as designated by the board and that conform to applicable federal law.

Kentucky Administrative Regulations

201 KAR 26:115. Definition of psychological testing.

RELATES TO: KRS 319.010

STATUTORY AUTHORITY: KRS 319.032

NECESSITY, FUNCTION, AND CONFORMITY: KRS 319.010(6) includes in the practice of psychology the administering and interpreting of tests of mental abilities, aptitudes, interests, attitudes, personality characteristics, emotion, and motivation. The intent of this administrative regulation is to provide a definition of psychological testing sufficient to allow this board to regulate effectively this aspect of psychological practice. The ability to administer and interpret psychological testing assumes formal academic training at the graduate level in statistics, test construction, sampling theory, tests and measurement, individual differences, and personality theory. In addition, the interpretation of psychological tests for diagnostic purposes assumes formal academic training in the areas of abnormal psychology, psychopathology, psychodiagnosis and, in the case of neuropsychological diagnosis, training in neuropsychology. Competent administration and interpretation of psychological tests also requires formal supervised practice experience.

Section 1. Definitions. "Psychological testing" means the use of one (1) or more standardized measurement instruments, devices, or procedures including the use of computerized psychological tests, to observe or record human behavior, and which require the application of appropriate normative data for interpretation or classification and includes the use of standardized instruments for the purpose of the diagnosis and treatment of mental and emotional disorders and disabilities, the evaluation or assessment of cognitive and intellectual abilities, personality and emotional states and traits, and neuropsychological functioning.

Section 2. Psychological Tests. (1) Individual tests for the evaluation of cognitive and intellectual abilities, examples of which are:

- (a) The Wechsler series;
- (b) The Stanford-Binet; and
- (c) The Kaufman Assessment Battery for Children.

(2) Individual, objective and projective tests of personality and emotional states and traits, examples of which are:

- (a) The Minnesota Multiphasic Personality Inventory; and
- (b) The Millon Clinical Multiaxial Inventory;
- (c) The Millon Adolescent Clinical Inventory; and
- (d) Projective techniques including:
 - 1. The Rorschach Ink Blots;
 - 2. Thematic Apperception Test; and
 - 3. The Holtzman Ink Blots.

(3) Individual tests of neuropsychological functioning, examples of which are:

- (a) The Halstead-Reitan Battery;
- (b) The Luria-Nebraska Battery;
- (c) The "Lezak or Kaplan Battery"; and
- (d) The NEPSY.

Section 3. Services which are described as "psychological testing" may only be administered and interpreted by persons credentialed by this board or who meet the formal academic training and experience qualifications described above and who are otherwise exempt by statute.

(1) Persons credentialed by this board, as well as other licensed or certified professionals, may also use tests of language, education and achievement, as well as tests of abilities, interests, and aptitudes. With the exception of the test categories and psychological tests listed in Section 2 of this administrative regulation, the use of these other tests is not exclusively within the scope of this administrative regulation.

(2) Members of other professions may not train or supervise any person in performing psychological testing.

(3) The practice of psychology shall be construed within the meaning of the definition contained in KRS 319.010(6) without regard to whether payment is received for services rendered.

(4) Services which are described as "psychological testing and treatment" may be administered to minor children only upon the notification of and the granting of written permission by the parent or legal guardian, unless otherwise required by the courts subject to specific state or federal law.

At that time, the board shall determine if an investigation is warranted, and if so, the board may appoint one (1) of its members or any agent or representative of the board to conduct an investigation of the complaint.

(1) In any administrative hearing, the agency shall conduct the hearing as soon as practicable and shall give notice of the hearing to the parties not less than twenty (20) days in advance of the date set for the hearing, unless otherwise required by federal law. An agency shall make reasonable effort to schedule a hearing on a date that is convenient to the parties involved.

(2) The notice required by subsection (1) of this section shall be served on the parties by certified mail, return receipt requested, sent to the last known address of the parties, or by personal service, with the exception of notices of Personnel Board hearings and all board orders which may be served by first-class mail. Service by certified mail shall be complete upon the date on which the agency receives the return receipt or the returned notice.

(3) The notice required by this section shall be in plain language and shall include:

(a) A statement of the date, time, place, and nature of the hearing;

(b) The name, official title, and mailing address of the hearing officer;

(c) The names, official titles, mailing addresses, and, if available, telephone numbers of all parties to the hearing, including the counsel or representative of the agency;

(d) A statement of the factual basis for the agency action along with a statement of issues involved, in sufficient detail to give the parties reasonable opportunity to prepare evidence and argument;

(e) A reference to the specific statutes and administrative regulations which relate to the issues involved and the procedure to be followed in the hearing;

(f) A statement advising the person of his right to legal counsel;

(g) A statement of the parties' right to examine, at least five (5) days prior to the hearing, a list of witnesses the parties expect to call at the hearing, any evidence to be used at the hearing and any exculpatory information in the agency's possession; and

(h) A statement advising that any party who fails to attend or participate as required at any stage of the administrative hearing process may be held in default under this chapter.

(4) If an agency decides not to conduct an administrative hearing in response to a petition, the agency shall notify the petitioner of its decision in writing, with a brief statement of the agency's reasons and any administrative review available to the petitioner.

13B.080 Conduct of hearing.

(1) A hearing officer shall preside over the conduct of an administrative hearing and shall regulate the course of the proceedings in a manner which will promote the orderly and prompt conduct of the hearing. When a prehearing order has been issued, the hearing officer shall regulate the hearing in conformity with the prehearing order.

(2) The hearing officer, at appropriate stages of the proceedings, shall give all parties full opportunity to file pleadings, motions, objections, and offers of settlement. The hearing officer, at appropriate stages of the proceedings, may give all parties full opportunity to file briefs, proposed findings of fact and conclusions of law, and proposed recommended or final orders. The original of all filings shall be mailed to the agency, and copies of any filed item shall be served on all parties and the hearing officer by mail or any other means permitted by law or prescribed by agency administrative regulation. The agency shall when it is received stamp the time and date upon a document.

(3) The hearing officer may issue subpoenas and discovery orders when requested by a party or on his own volition. When a subpoena is disobeyed, any party may apply to the Circuit Court of the judicial circuit in which the administrative hearing is held for an order requiring

obedience. Failure to comply with an order of the court shall be cause for punishment as a contempt of the court.

(4) To the extent necessary for the full disclosure of all relevant facts and issues, the hearing officer shall afford all parties the opportunity to respond, present evidence and argument, conduct cross-examination, and submit rebuttal evidence, except as restricted by limited grant of intervention or a prehearing order.

(5) Any party to an administrative hearing may participate in person or be represented by counsel. In informal proceedings, a party may be represented by other professionals if appropriate and if permitted by the agency by administrative regulation.

(6) If a party properly served under KRS 13B.050 fails to attend or participate in a prehearing conference, hearing, or other stage of the administrative hearing process, or fails to comply with the orders of a hearing officer, the hearing officer may adjourn the proceedings and issue a default order granting or denying relief as appropriate, or may conduct the proceedings without the participation of the defaulting party, having due regard for the interests of justice and the orderly and prompt conduct of the proceedings. A default order shall be considered a recommended order and shall be processed as provided in KRS 13B.110.

(7) A hearing officer may conduct all or part of an administrative hearing, or a prehearing conference, by telephone, television, or other electronic means, if each party to the hearing has an opportunity to hear, and, if technically feasible, to see the entire proceeding as it occurs, and if each party agrees. (8) An administrative hearing shall be open to the public unless specifically closed pursuant to a provision of law. If an administrative hearing is conducted by telephone, television, or other electronic means, and is not closed, public access shall be satisfied by giving the public an opportunity, at reasonable times, to hear or inspect the agency's record.

13B.090 Findings of fact -- Evidence -- Recording of hearing -- Burdens of proof.

(1) In an administrative hearing, findings of fact shall be based exclusively on the evidence on the record. The hearing officer shall exclude evidence that is irrelevant, immaterial, unduly repetitious, or excludable on constitutional or statutory grounds or on the basis of evidentiary privilege recognized in the courts of this Commonwealth. Hearsay evidence may be admissible, if it is the type of evidence that reasonable and prudent persons would rely on in their daily affairs, but it shall not be sufficient in itself to support an agency's findings of facts unless it would be admissible over objections in civil actions.

(2) All testimony shall be made under oath or affirmation. Any part of the evidence may be received in written form if doing so will expedite the hearing without substantial prejudice to the interests of any party. The hearing officer may make a recommended order in an administrative hearing submitted in written form if the hearing officer determines there are no genuine issues of material fact in dispute and judgment is appropriate as a matter of law.

(3) Any party shall have the right to inspect, at least five (5) days prior to the hearing, a list of all witnesses every other party expects to call at the hearing, and the available documentary or tangible evidence relating to an administrative hearing either in person or by counsel. Copies of documentary evidence may be obtained upon the payment of a fee, except documents protected from disclosure by state or federal law. Nothing in this section shall be construed as giving a party the right to examine or copy the personal notes, observations, or conclusions of the agency staff, unless exculpatory in nature, nor shall it be construed as allowing access to the work product of counsel for the agency. Conditions for examining and copying agency records, fees to be charged, and other matters pertaining to access to these records shall be governed by KRS 61.870 to 61.884. To the extent required by due process, the hearing officer may order the inspection of any records excluded from the application of KRS 61.870 to 61.884 under KRS 61.878 that relate to an act, transaction, or event that is a subject of the hearing, and may order their inclusion in the record under seal.

(4) Objections to evidentiary offers may be made by any party and shall be noted in the record.

(5) The hearing officer may take official notice of facts which are not in dispute, or of generally-recognized technical or scientific facts within the agency's specialized knowledge. The hearing officer shall notify all parties, either before or during the hearing, or in preliminary

reports or otherwise, of any facts so noticed and their source. All parties shall be given an opportunity to contest facts officially noticed.

(6) The agency shall cause all testimony, motions, and objections in a hearing to be accurately and completely recorded. Any person, upon request, may receive a copy of the recording or a copy of the transcript, if the hearing has been transcribed, at the discretion of the agency, unless the hearing is closed by law. The agency may prepare a transcript of a hearing or a portion of a hearing upon request but the party making the request shall be responsible for the transcription costs. The form of all requests and fees charged shall be consistent with KRS 61.870 to 61.884.

(7) In all administrative hearings, unless otherwise provided by statute or federal law, the party proposing the agency take action or grant a benefit has the burden to show the propriety of the agency action or entitlement to the benefit sought. The agency has the burden to show the propriety of a penalty imposed or the removal of a benefit previously granted. The party asserting an affirmative defense has the burden to establish that defense. The party with the burden of proof on any issue has the burden of going forward and the ultimate burden of persuasion as to that issue. The ultimate burden of persuasion in all administrative hearings is met by a preponderance of evidence in the record. Failure to meet the burden of proof is grounds for a recommended order from the hearing officer.

202A.028 Hospitalization by court order -- Transportation -- Release.

(1) Following an examination by a qualified mental health professional and a certification by that professional that the person meets the criteria for involuntary hospitalization, a judge may order the person hospitalized for a period not to exceed seventy-two (72) hours, excluding weekends and holidays. For the purposes of this section, the qualified mental health professional shall be a staff member of a regional community mental health or mental retardation program, unless the person to be examined is hospitalized and under the care of a licensed psychiatrist, in which case the qualified mental health professional shall be the psychiatrist if the psychiatrist is ordered, subject to the court's discretion, to perform the required examination.

Upon transport of the person to the hospital or psychiatric facility, the peace officer shall provide written documentation which describes the

behavior of the person which caused the peace officer to take the person into custody. If, after evaluation, the qualified mental health professional finds that the person meets the criteria for involuntary hospitalization, appropriate proceedings under this chapter shall be initiated. The person may be held pending certification by a qualified mental health professional and implementation of procedures as provided in KRS 202A.028, 202A.031, or 202A.051 for a period not to exceed eighteen (18) hours.

(d) The name and residence of respondent's husband or wife, if any and if known;

(e) The name and residence of the person having custody of the respondent, if any, or if no such person is known, the name and residence of a near relative or that the person is unknown;

(f) Petitioner's belief, including the factual basis therefor, that the respondent is mentally ill and presents a danger or threat of danger to self, family or others if not restrained; and

(g) If the petition seeks a three hundred sixty (360) day involuntary hospitalization of the respondent, the petition shall further set forth that the respondent has been hospitalized in a hospital or a forensic psychiatric facility for a period of thirty (30) days under the provisions of this chapter or KRS Chapter 504 within the preceding six (6) months.

(5) Upon receipt of the petition, the court shall examine the petitioner under oath as to the contents of the petition. If the petitioner is a qualified mental health professional, the court may dispense with the examination.

(6) If after reviewing the allegations contained in the petition and examining the petitioner under oath, it appears to the court that there is probable cause to believe the respondent should be involuntarily hospitalized, the court shall, unless either the court or one (1) of the parties objects, implement the procedures provided in KRS 202A.028 and order the individual to be examined without unnecessary delay by a qualified mental health professional. If the person is not being held under the provisions of this chapter, the court may order that the sheriff of the county or other peace officer transport the person to a hospital or psychiatric facility designated by the cabinet for the purpose of the evaluation. The sheriff or other peace officer may, upon agreement of a person authorized by the peace officer, authorize the cabinet, a private agency on contract with the cabinet, or an ambulance service designated by the cabinet to transport the person to a hospital or psychiatric facility. Following that, the procedures as set forth in KRS 202A.028 shall be carried out. Otherwise, the court shall:

(a) Set a date for a preliminary hearing within six (6) days from the date of holding the person under the provisions of this section (excluding holidays and weekends) to determine if there is probable cause to believe the person should be involuntarily hospitalized;

(b) Notify the respondent, the legal guardian, if any, and if known, and the spouse, parents, or nearest relative or friend of the respondent concerning the allegations and contents of the petition and the date and purpose of the preliminary hearing; and the name, address, and telephone number of the attorney appointed to represent the respondent; and

(c) Cause the respondent to be examined without unnecessary delay by two (2) qualified mental health professionals, at least one (1) of whom is a physician. The qualified mental health professionals shall certify within twenty-four (24) hours (excluding weekends and holidays) their findings.

(7) (a) If the respondent is being presently held under the provisions of this chapter, the court may order further holding of the respondent to accomplish the examination ordered by the court.

(b) If the respondent is not being presently held under the provisions of this chapter, the court may order that the sheriff of the county or a peace officer transport the respondent to a hospital or a psychiatric facility designated by the cabinet so that the respondent shall be examined without unnecessary delay by two (2) qualified mental health professionals, at least one (1) of whom is a physician. The sheriff or other peace officer may authorize, upon agreement of a person authorized by the peace officer, the cabinet, a private agency on contract with the cabinet, or an ambulance service designated by the cabinet to transport the person to a hospital or psychiatric facility.

(8) When the court is authorized to issue an order that the respondent be transported to a hospital or psychiatric facility, the court may, in its discretion, issue a summons. A summons so issued shall be directed to the respondent, shall command the respondent to appear at a time and place therein specified where the respondent shall be there examined by two (2) qualified mental health professionals, at least one (1) of whom is a physician, and shall command the respondent's appearance at the preliminary hearing. If a respondent who has been summoned fails to appear for such examination or at the preliminary hearing, the court may order that the sheriff of the county or a peace officer transport the respondent to a hospital or psychiatric facility designated by the cabinet for the purpose of an evaluation.

(9) If upon completion of the preliminary hearing, the court finds there is probable cause to believe the respondent should be involuntarily hospitalized, the court shall order a final hearing within twenty-one (21) days from the date of holding the respondent under the provisions of this section to determine if the respondent should be involuntarily hospitalized.

(10) If the court finds there is no probable cause, the proceedings against the respondent shall be dismissed, and the respondent shall be released from any holding.

(11) If upon completion of the final hearing, the court finds the respondent should be involuntarily hospitalized, the court shall order the respondent hospitalized in a hospital for a period not to exceed sixty (60) consecutive days from the date of the court order or a period not to exceed three hundred sixty (360) consecutive days from the date of the court order, whatever was the period of time that was requested in the petition.

202A.053 Venue.

(1) A respondent who has been ordered involuntarily hospitalized following the preliminary hearing shall have venue for all subsequent proceedings, including the final hearing, transferred to the court of the county where the respondent is hospitalized.

(2) The court of the county where the preliminary hearing was held may, upon its own motion, or shall, upon motion of one (1) of the parties, retain venue over proceedings subsequent to the preliminary hearing.

202A.056 Certificate contents -- Fee.

(1) The certificate referred to in this chapter shall be in the form prescribed by the cabinet. The certificate shall state that the respondent has been examined by each of the qualified mental health professionals making the certificate within twenty-four (24) hours (excluding weekends and holidays) prior to the date of the certificate. It shall state the facts and circumstances upon which the judgment of the examining physician is based and shall be sworn to before a notary or the clerk or judge of the court.

(2) The examiner shall be entitled to a fee for such examination and certification, to be paid by the county in which the petition is filed, upon a certified copy of an order of allowance made by the court holding the hearing.

202A.061 Two certifications required.

In any proceeding for involuntary hospitalization under the applicable provisions of this chapter, if the criteria for involuntary hospitalization are not certified by at least two (2) examining qualified mental health professionals, the court shall, without taking any further action, terminate the proceedings and order the release of the person. The qualified mental health professionals shall certify to the court within twenty-four (24) hours (excluding weekends and holidays) of the examination, their findings and opinions as to whether the person shall be involuntarily hospitalized.

202A.066 Qualified mental health professional retained by respondent.

A qualified mental health professional retained by the respondent shall be permitted to witness and participate in any examination of the respondent.

202A.071 Timing of preliminary and final hearings.

(1) The preliminary hearing shall be held not later than six (6) days (excluding weekends and holidays) from the time of respondent's holding under these proceedings. If the respondent is not held under these proceedings, the preliminary hearing shall be held not later than six (6) days (excluding weekends and holidays) from the time of the examination of the respondent.

(2) The final hearing shall be held within twenty-one (21) days of the date of the holding or from the date of the examination, if not held.

202A.076 Conduct of hearings.

(1) The preliminary hearing need not be formal and may include the receiving of the qualified mental health professionals' reports as evidence. The hearing may be held by the court in chambers, at a hospital, or other suitable place. The respondent shall be afforded an opportunity to testify, to present, and cross-examine witnesses who appear and testify against him. The court may exclude all persons not necessary for the conduct of the hearing. The respondent and his attorney may waive respondent's right to a preliminary hearing.

(2) The final hearing may be conducted in an informal manner, consistent with orderly procedures, and in a physical setting not likely to have a harmful effect on the mental or physical health of the respondent. The hearing may be held by the court in chambers, at a hospital, or other suitable place. The respondent shall be afforded an opportunity to testify, to present, and cross-examine witnesses against him. The manner of proceeding and rules of evidence shall be the same as those in any criminal proceeding including the burden of proof beyond a reasonable doubt. Proceedings shall be heard by a judge unless a party requests a jury trial. Neither the respondent nor the respondent's attorney may waive the respondent's right to a final hearing.

202A.081 Court-ordered community-based outpatient treatment.

(1) Following the preliminary hearing but prior to the completion of the final hearing, the court may order the person held in a hospital approved by the cabinet for such purpose for the committing judicial district, or released, upon application and agreement of the parties, for the purpose of community-based outpatient treatment. No person held under this section shall be held in jail unless criminal charges are also pending.

(2) A hospital shall discharge a patient there held and notify the court and attorneys of record if any authorized staff physician determines that the patient no longer meets the criteria for involuntary hospitalization.

(3) If a patient is discharged by the hospital pursuant to subsection (2) of this section, then the proceedings against the patient shall be dismissed.

(4) The release of the person pursuant to subsection (1) of this section for the purpose of community-based outpatient treatment does not terminate the proceedings against the person, and the court ordering such release may order the immediate holding of the person at any time

with or without notice if the court believes from an affidavit filed with the court that it is to the best interest of the person or others that the person be held pending the final hearing, which shall be held within twenty-one (21) days of the person's further holding.

(5) If the person is released pursuant to subsection (1) of this section for the purpose of community-based outpatient treatment, the final hearing may be continued for a period not to exceed sixty (60) days if a provider of outpatient care accepts the respondent for specified outpatient treatment. Community-based outpatient treatment may be ordered for an additional period not to exceed sixty (60) days upon application and agreement of the parties.

202A.091 Confidentiality of court records -- Expungement.

(1) The court records of a respondent made in all proceedings pursuant to KRS Chapter 202A are hereby declared to be confidential and shall not be open to the general public for inspection except when such disclosure is provided in KRS 202A.016.

(2) Following the discharge of a respondent from a treatment facility or the issuance of a court order denying a petition for a commitment, a respondent may at any time move to have all court records pertaining to the proceedings expunged from the files of the court. The county attorney shall be given notice of any such motion and shall have five (5) days in which to respond to same or request a hearing thereon.

(3) Any person seeking information contained in the court files or the court records of proceedings involving persons under this chapter may file a written motion in the cause setting out why the information is needed. A District Judge may issue an order to disclose the information sought if he finds such order is appropriate under the circumstances and if he finds it is in the best interest of the person or of the public to have such information disclosed.

202A.096 Disclosure of communications.

There shall be no privilege as to any relevant communications between qualified mental health professionals and patients. Qualified mental health professionals are authorized to disclose communications relating to diagnosis and treatment of the patient's mental condition in proceedings under this chapter.

202A.101 Notification of receiving hospital or psychiatric facility -- Transportation of patient.

(1) The court which orders any person to the receiving hospital or psychiatric facility, under the provisions of this chapter, shall at once notify the receiving hospital or psychiatric facility that such order has been made, advising of the sex and condition of the person.

(2) After the facility has been so notified, the court shall order the sheriff of the county or other peace officer to transport the patient within forty-eight (48) hours (excluding weekends and holidays) from the county in which the person is located to the hospital or psychiatric facility designated by the cabinet. The sheriff or other peace officer may, upon agreement of a person authorized by the peace officer, authorize the cabinet, a private agency on contract with the cabinet, or an ambulance service designated by the cabinet to transport the person to the hospital.

(3) The transportation costs of transporting a person to a hospital or psychiatric facility, when performed by a peace officer, an ambulance service, or other private agency on contract with the cabinet shall be paid by the cabinet in accordance with administrative regulation promulgated by the cabinet under the provisions of KRS Chapter 13A.

(4) In returning any patient to the county from which the patient is sent, the transportation cost of the sheriff or other peace officer, the ambulance service, or the other agency on contract with the cabinet transporting the patient shall be paid as provided in KRS 202A.028(4), when necessary.

(5) Whenever an individual is involuntarily hospitalized by a court order the patient shall be transported to the hospital designated by the cabinet and accompanied by the following documents:

(a) A copy of the petition for involuntary hospitalization, unless hospitalization takes place pursuant to KRS 202A.041;

(b) The certificate of qualified mental health professionals; and

(c) The order of involuntary hospitalization.

(6) The hospital may refuse to receive any person who has been ordered to be involuntarily hospitalized by a court order if the papers presented with such person at the hospital do not comply with the provisions of this chapter or if it does not receive notification of the order of involuntary hospitalization as required by this chapter.

202A.121 Right to counsel.

Upon the appearance of the person detained pursuant to KRS 202A.041 or upon the filing of a petition pursuant to KRS 202A.051, the court shall appoint an attorney to represent the respondent with such appointment and representation to continue unless the respondent retains private counsel. The appointed attorney shall be forthwith notified by the clerk of the allegations in the petition and the date and purpose of the preliminary hearing.

202A.131 Right to be present.

The respondent shall be present at all hearings unless the respondent and his attorney intelligently waive respondent's right to be present, or unless the court makes a specific finding after the respondent has been brought to the place of the hearing that the respondent should be removed from the hearing because his conduct is so disruptive that the proceedings cannot continue in any reasonable manner.

202A.141 Clarification of court orders -- Appeals.

(1) Hospitals ordered to receive an involuntarily hospitalized person shall have standing to petition the District Court for any necessary clarification or modification of orders or judgments entered in proceedings under this chapter and to appeal to the Circuit Court from final judgments or orders entered in proceedings which have not complied with the provisions of this chapter. A copy shall be sent to the involuntarily hospitalized person and the person's attorney of record, if any, of whatever pleadings are filed by the hospital.

(2) Appeals from the final orders or judgments of the District Court made and entered in proceedings under this chapter shall be taken in the same manner as other appeals from District Court to Circuit Court. This appeal shall be advanced on the Circuit Court docket without motion or notice.

202A.151 Writ of habeas corpus.

At any time, and without notice, a person detained at a facility, or a relative, friend, guardian, representative, or attorney on behalf of such person, may petition for a writ of habeas corpus to question the cause and legality of such detention and request that the Circuit Court issue a writ for release.

202A.161 Timing of initial examination and report.

Any person admitted to a hospital pursuant to the provisions of this chapter shall be initially examined by an authorized staff physician of the hospital or, with permission of the facility's governing body and in accordance with the applicable provisions of the facility's medical staff bylaws, policies, and procedures, a physician assistant as defined in KRS 311.550, or an advanced registered nurse practitioner licensed under KRS Chapter 314 as soon as practicable but not later than thirty-six (36) hours (excluding weekends and holidays) and a report entered into the medical record not later than forty-eight (48) hours (excluding weekends and holidays) after his admission.

202A.171 When discharge is required.

An authorized staff physician of a hospital shall discharge an involuntary patient when he no longer meets the criteria for involuntary hospitalization.

202A.181 Convalescent leave status.

(1) An authorized staff physician may release an involuntary patient on convalescent leave status when the physician concludes that the patient would not present a danger or a threat of danger to self or others if provided with continued medical supervision in a less restrictive alternative mode of treatment. Release on convalescent leave status shall include notification to

the hospitalizing court. Release on convalescent leave status does not terminate the involuntary hospitalization order and shall include provisions for the development of a treatment plan jointly by the hospital and by a provider of outpatient care for follow-up care by the provider and for the continual monitoring of that patient's condition by the provider.

(2) The hospital from which such patient is given convalescent leave status may at any time readmit the patient without additional court proceedings. If there is reason to believe that it is to the best interest of the patient to be rehospitalized, the secretary or an authorized staff physician of the hospital may issue an order for the immediate rehospitalization of the patient. Such an order, if not voluntarily complied with, shall, upon the endorsement by a judge of any court of the county in which the patient is a resident or is present, authorize any health or police officer to take the patient into custody and transport him to the responsible hospital. Notice of rehospitalization under this section shall be given to the originating court as soon as practicable and simultaneously with the order directing the rehospitalization if possible.

(3) Release on convalescent leave status shall not apply to persons held under hospitalization orders arising out of KRS Chapter 504 unless consent of the appropriate court is obtained.

202A.185 Peace officer authorized to arrest and return patient to hospital.

If a patient undergoing involuntary treatment on an inpatient basis is absent from the hospital without, or in excess of authorization from the hospital staff, the person in charge or that person's designee may contact the appropriate sheriff or other peace officers who shall take the patient into custody and return the patient to the hospital.

202A.191 Rights of hospitalized patients.

(1) Each and every patient hospitalized under this chapter shall have the following rights:

202A.196 Hospital review committee -- Treatment plan.

(1) Every hospital approved under the provisions of this chapter shall have a review committee of three (3) qualified mental health professionals appointed by the hospital director. This review committee shall have the authority to review the appropriateness of a patient's individual treatment plan.

(2) Upon the refusal of an involuntary patient to participate in any or all aspects of his treatment plan, the review committee shall examine the appropriateness of the patient's individual treatment plan. Within three (3) days of the refusal, the review committee shall meet with the patient and his counsel or other representative to discuss its recommendations.

(3) If the patient still refuses to participate in any or all aspects of his individual treatment plan, the hospital may petition the District Court for a de novo determination of the appropriateness of the proposed treatment. Within seven (7) days, the court shall conduct a hearing, consistent with the patient's rights to due process of law, and shall utilize the following factors in reaching its determination: (a) Whether the treatment is necessary to protect the patient or others from harm; (b) Whether the patient is incapable of giving informed consent to the proposed treatment;

- (c) Whether any less restrictive alternative treatment exists; and

- (d) Whether the proposed treatment carries any risk of permanent side effects.
- (4) Upon the completion of the hearing, the court shall enter an appropriate judgment.

202A.201 Mentally ill inmates.

(1) When an inmate of any penal and correctional institution is reported by the staff of that institution to the Department of Corrections as being so mentally ill that he cannot be properly treated with the facilities at the disposal of the staff, the Department of Corrections shall have an examination conducted on the inmate by a mental health professional.

(2) If this examination reveals that the inmate is mentally ill and appropriate treatment cannot be properly carried out in the institution in which he is incarcerated or within the facilities at the disposal of the Department of Corrections, the commissioner of the Department of Corrections may then request of the secretary of the Cabinet for Health and Family Services the inmate's transfer to a hospital or forensic psychiatric facility. If the secretary of the Cabinet for Health and Family Services agrees that a transfer is necessary, the person shall be transferred to a Cabinet for Health and Family Services facility designated by the secretary of the Cabinet for Health and Family Services, where the person shall remain until the staff of the facility which received him advises the commissioner of the Department of Corrections that the person's condition is such that he may be returned to the institution from which he came. No transfer shall be made to a correctional facility located on the grounds of a state mental hospital. The commissioner of the Department of Corrections shall then authorize his return. If the prisoner's sentence expires during his stay in the facility and he is still in need of involuntary hospitalization, the staff of the facility shall petition the applicable District Court for further involuntary hospitalization of the patient under provisions of this chapter.

(3) Prior to the issuance of an order of transfer and unless the prisoner voluntarily agrees to the transfer, the commissioner shall:

(a) Send written notice to the prisoner that a transfer to a hospital or forensic psychiatric facility is being considered in sufficient time to permit the prisoner to prepare for the hearing;

(b) Hold a hearing at which time the prisoner is made aware of the evidence being relied upon for the transfer and at which an opportunity to be heard in person and to present documentary evidence is given;

(c) Provide an opportunity at the hearing to the prisoner to present testimony of witnesses and to confront and cross-examine witnesses called by the Department of Corrections, except upon a finding, not arbitrarily made, of good cause for not permitting the presentation;

(d) Provide an independent decision maker who has not participated in the request for transfer to a hospital or forensic psychiatric facility;

(e) Issue a written statement by the fact finder as to the evidence relied on and the reasons for transferring the prisoner; and

(f) Provide effective and timely notice of all the foregoing rights.

(4) During the time of the prisoner's stay in a facility, his legal status as a prisoner shall remain unchanged until the termination of his sentence. The facility staff shall have no authority to parole, grant permission to visit relatives or friends outside the facility, or discharge the individual unless otherwise agreed to by the Department of Corrections. The time the prisoner spends in the facility shall be counted as a part of the prisoner's sentence.

202A.202 Transfer of mentally ill or mentally retarded patients between facilities.

(1) The cabinet may transfer mentally ill or mentally retarded patients between hospitals, between hospitals and forensic psychiatric facilities, between hospitals and mental retardation residential treatment centers, between mental retardation residential treatment centers, and between mental retardation residential treatment centers and forensic psychiatric facilities. A transfer shall be made upon the mutual agreement of the administrative officer, the officer's designated representative or an authorized staff physician of each facility, if the agreement is based upon one (1) of the following findings by the officers, representatives or physicians:

(a) That the transfer will improve the opportunities of the patient to receive care and treatment most likely to be of benefit to the patient;

(b) That the transfer will permit the patient to receive care and treatment in the least restrictive alternative mode of treatment, considering the degree of danger or threat of danger to self or others which the patient presents; or

(c) That the transfer is part of an individual treatment plan which has been reviewed and approved by a court.

(2) The patient or his guardian or designated family member prior to transfer, shall receive notice of said proposed transfer and shall be allowed to challenge the transfer as part of his individual treatment plan under the provisions of KRS 202A.191, 202A.196, and KRS 210.270.

(3) In an emergency situation where the patient presents a danger of serious injury or death to self or others within the institution so as to require immediate transfer to a more secure facility and which condition cannot be treated or resolved within a reasonable period of time in the present facility, the secretary may immediately transfer the patient to a more secure facility while the appeal provisions described in subsection (2) of this section are being carried out. In this event counsel shall be provided to the patient within three (3) days.

202A.211 Return of Kentucky residents from other states.

(1) Legal residents of the state who have become public charges in other states and have been returned to Kentucky because they have been involuntarily hospitalized may be immediately admitted to a hospital at the request of the secretary or his designated representative.

(2) Within seventy-two (72) hours (excluding weekends and holidays) of the admission date, the staff of the hospital shall determine the need of the person for further hospitalization. If two (2) qualified mental health professionals, at least one (1) of whom is a physician, conclude that the patient shall be involuntarily hospitalized, they shall file in the appropriate court a certification requesting involuntary hospitalization procedures be initiated under the provisions of this chapter unless the patient has agreed to remain voluntarily.

202A.221 Hospital care or treatment by agency of United States.

(1) If an individual ordered to be hospitalized pursuant to this chapter is eligible for hospital care or treatment by any agency of the United States, the court, upon receipt of certificate from such agency showing that facilities are available and that the individual is eligible for care or treatment therein, may order him to be placed in the custody of such agency for hospitalization. When any such individual is admitted pursuant to the order of such court to any hospital or institution operated by any agency of the United States within or without the state, he shall be subject to the rules and regulations of such agency. (2) An order of court of competent jurisdiction of another state or the District of Columbia authorizing hospitalization of an individual by any agency of the United States shall have the same force and effect as to the individual while in this state as in the jurisdiction in which is situated the court entering the order; the courts or the district issuing the order shall be deemed to have retained jurisdiction of the individual so hospitalized for the purpose of inquiring into his mental condition and determining the necessity for continuance of his hospitalization as is provided in subsection (1) of this section with respect to individuals ordered hospitalized by the courts of this state. Consent is hereby given to the application of the law of the district in which is located the court issuing the order for hospitalization with respect to the authority of the chief officer of any hospital or institution operated in this state by any agency of the United States to retain custody, transfer, conditionally release, or discharge the individual hospitalized.

(1) Upon receipt of a certificate of the United States Public Health Service or such other agency of the United States government that facilities are available for the care or treatment of any person heretofore hospitalized in any mental hospital or other institution in this state for the care of mentally ill persons and that such person is eligible for such care or treatment, the secretary, upon recommendation by any such hospital or institution in this state, is hereby authorized to cause the transfer of any such person to the United States Public Health Service or other agency of the United States government for care or treatment. Upon effecting any such transfer, the hospitalizing court shall be notified thereof by the secretary.

(2) Any person transferred as provided in this section shall be deemed to be placed in the custody of the United States Public Health Service or other agency of the United States government pursuant to the original hospitalization the same as if he had been originally so hospitalized.

(3) No person shall be transferred to any agency of the United States if he be confined pursuant to conviction of any felony or misdemeanor or if he has been acquitted of the charge solely on the ground of mental illness unless prior to transfer the court issuing the confining order shall enter an order to transfer after the motion and hearing. (2) qualified mental retardation professionals, at least one (1) of whom is a physician.

(8) If, upon completion of the preliminary hearing, the court finds there is probable cause to believe the respondent should be involuntarily admitted, the court shall order a final hearing to determine if the respondent should be involuntarily admitted.

(9) If the court finds there is no probable cause, the proceedings against the respondent shall be dismissed, and the respondent shall be released from the ICF/MR.

(10) If, upon completion of the final hearing, the court finds the respondent should be involuntarily admitted, the court shall order the respondent admitted in an ICF/MR for an indeterminate period. The order shall also specify the period within which the initial review pursuant to KRS 202B.250.

The certificate shall state that the respondent has been examined by each of the qualified mental retardation professionals making the certificate within twenty-four (24) hours, excluding weekends and holidays, prior to the date of the certificate. It shall state the facts and circumstances upon which the judgment of the examining physician is based and shall be sworn to before a notary or the clerk or judge of the court.

(2) The examiner shall be entitled to a fee for the examination and certification, to be paid by the county in which the petition is filed, upon a certified copy of an order of allowance made by the court holding the hearing.

In any proceeding for involuntary admission under the applicable provisions of this chapter, if the criteria for involuntary admission are not certified by at least two (2) examining qualified mental retardation professionals, at least one (1) of whom is a physician, the court shall, without taking any further action, terminate the proceedings and order the release of the person. The qualified mental retardation professionals shall certify to the court, within twenty-four (24) hours of the examination, excluding weekends and holidays, their findings and opinions as to whether the person shall be involuntarily admitted.

202B.140 Witnesses to examination.

A qualified mental retardation professional retained by the respondent, or the respondent's parent or guardian, at the expense of the parent or guardian, shall be permitted to witness and participate in any examination of the respondent and may submit findings, if any, to the court.

202B.150 Time of preliminary and final hearings.

(1) The preliminary hearing shall be held not later than fifteen (15) days, excluding weekends and holidays, from the date of the filing of the petition.

The respondent and the attorney for the respondent may waive respondent's right to a preliminary hearing.

(2) The final hearing may be conducted in an informal manner, consistent with orderly procedures, and in a physical setting not likely to have a harmful effect on the mental or physical health of the respondent. The hearing may be held by the court in chambers, at an ICF/MR, or other suitable place. The respondent shall be afforded an opportunity to testify, to present, and cross-examine any witnesses. The manner of proceeding and the rules of evidence shall be the same as those in any criminal proceeding, except that the standard of proof shall be by clear and convincing evidence. Proceedings shall be heard by a judge unless a party requests a jury trial. Neither the respondent nor the respondent's attorney may waive the respondent's right to a final hearing.

(3) Guardians and immediate family members of the respondent shall be allowed to attend all hearings, conferences or similar proceedings; may be represented by private counsel, if desired; may participate in the hearings or conferences as if a party to the proceedings; may cross-examine witnesses if desired; and shall have standing to appeal any adverse decision.

202B.170 Interim determination and possible dismissal.

The respondent may be released, upon application and agreement of the parties, for the purpose of community-based outpatient treatment.

(2) A physician of an ICF/MR or a hospital shall discharge a respondent residing therein and notify the court and attorneys of record, if the interdisciplinary team of the ICF/MR or an authorized staff physician of the hospital determines that the respondent no longer meets the criteria for involuntary admission.

(3) If a respondent is discharged by the ICF/MR or hospital pursuant to subsection (2) of this section, the proceedings against the respondent shall be dismissed.

202B.180 Confidentiality of court records -- Expungement -- Disclosure by court order.

(2) Following the discharge of a respondent from an ICF/MR or hospital or the issuance of a court order denying a petition for admission, a respondent may at any time move to have all court records pertaining to the proceedings expunged from the files of the court. The county attorney shall be given notice of any motion and shall have five (5) days in which to respond to same or request a hearing thereon.

(3) Any person seeking information contained in the court files or the court records of proceedings involving persons under this chapter may file a written motion in the appropriate court setting out why the information is needed. A District Judge may issue an order to disclose the information sought if the judge finds the order is appropriate under the circumstances and if the judge finds it is in the best interest of the person or of the public to have the information disclosed.

202B.190 Disclosure of professional communications.

In proceedings under this chapter, there shall be no privilege as to any relevant communications between qualified mental retardation professionals and patients. Qualified mental retardation professionals may disclose communications relating to diagnosis and treatment of the patient's mental condition.

202B.200 Court to notify cabinet of admission ordered to ICF/MR -- Refusal to receive by ICF/MR -- Transport of person.

(1) The court which orders any person to an ICF/MR under the provisions of this chapter, shall at once notify the cabinet that the order has been made, advising of the sex and condition of the person.

(2) The ICF/MR may refuse to receive any person who has been ordered to be involuntarily admitted by a court order if appropriate programs and space are not available or the papers presented with the person at the ICF/MR do not comply with the provisions of this chapter or if it does not receive notification of the order of involuntary admission as required by this chapter.

(3) After the cabinet has been so notified, the court may order the sheriff of the county to transport the person from the county in which the person is located to the ICF/MR designated by the cabinet. The actual traveling expenses of persons transporting the person to the institution shall be paid by the cabinet. Each female admitted to an ICF/MR shall be accompanied by a female attendant, unless accompanied by her mother, father, sister, brother, husband, daughter, or son.

(4) In returning any person to the county from which that person is sent, the cost of returning the person shall be paid in the same manner, when necessary.

(5) If a person is involuntarily admitted by a court order, the person shall be transported to the ICF/MR designated by the cabinet and accompanied by the following documents:

- (a) A copy of the petition for involuntary admission;
- (b) The certificate of qualified mental retardation professionals; and
- (c) The order of involuntary admission.

202B.210 Right to counsel.

Upon the filing of a petition for involuntary admission pursuant to KRS 202B.045, the court shall appoint an attorney to represent the respondent with the appointment and representation to continue unless the respondent retains private counsel. The appointed attorney shall be forthwith notified by the clerk of the allegations in the petition and the date and purpose of the preliminary hearing. When it is necessary to appoint counsel, the District Court shall endeavor to appoint private counsel, if available, to represent respondents, from a list of attorneys who have volunteered to represent such respondents. The list shall be maintained by the District Court clerk. Private counsel appointed by the court shall be compensated in the manner set forth in KRS 620.100(1)(a). If no other method of appointing counsel for the respondent is available, the respondent shall be represented by the public advocate pursuant to KRS Chapter 31.

202B.220 Right to be present.

The respondent shall be present at all hearings unless the respondent and the respondent's attorney waive the respondent's rights to be present, or unless the court makes a specific finding after the respondent has been brought to the place of the hearing that the respondent should be removed from the hearing because the person's conduct is so disruptive that the proceedings cannot continue in any reasonable manner.

202B.230 Appeals -- Manner -- Parties who may appeal.

Appeals from the final orders or judgments of the District Court made and entered in proceedings under this chapter shall be taken in the manner as other appeals from District Court to Circuit Court. Appeals may be taken by the Commonwealth, the individual who is subject to the proceedings, or the individual's guardian, limited guardian, or other authorized representative. This appeal shall be advanced on the Circuit Court docket without motion or notice.

202B.240 Annual review -- Interdisciplinary evaluation report -- Discharge.

(1) Every resident admitted under the provisions of this chapter shall have an annual review conducted by an interdisciplinary team of the ICF/MR to determine the appropriateness of and the necessity for care and treatment provided the resident in the ICF/MR. On or before the anniversary date of an involuntary admission order entered for a resident pursuant to KRS 202B.190, and every year thereafter for as long as the resident resides in the ICF/MR, the ICF/MR shall file with the admitting court an interdisciplinary evaluation report on behalf of the resident whose continued placement in the ICF/MR is required. The report shall detail the social, psychological, medical, and other considerations requiring continued placement of the resident in the ICF/MR, a description of the treatment or habilitation programs which will benefit the resident as a result of such placement, and a statement that the criteria for involuntary admission set forth in KRS 202B.040 are satisfied. The interdisciplinary report shall list the name and address of the guardian or limited guardian or, if none, an immediate family member of the resident.

(2) The physician shall discharge a resident whose admission is pursuant to court order when it is determined by the interdisciplinary team that the resident no longer meets the criteria for involuntary admission as provided in KRS 202B.040. When a resident is discharged, the ICF/MR shall send notice of the discharge to the court.

202B.245 ICF/MR review committee -- Procedure when involuntary resident refuses to participate in treatment plan.

(1) Every ICF/MR approved under the provisions of this chapter shall have a review committee of three (3) qualified mental retardation professionals appointed by the facility director. This review committee shall have the authority to review the appropriateness of a resident's individual treatment plan.

(2) Upon the refusal of an involuntary resident to participate in any aspect of the resident's treatment plan, the review committee shall examine the appropriateness of the resident's individual treatment plan. Within three (3) days of the refusal, the review committee shall meet with the resident and the resident's counsel or other representative to discuss their recommendations.

(3) If the resident still refuses to participate in any aspect of the resident's individual treatment plan, the ICF/MR may petition the District Court for a de novo determination of the appropriateness of the proposed treatment. Within seven (7) days, the court shall conduct a hearing, consistent with the resident's rights to due process of law, and shall utilize the following factors in reaching its determination:

(a) Whether the treatment is necessary to protect other residents or the resident himself from harm;

(b) Whether the resident is incapable of giving informed consent to the proposed treatment;

(c) Whether any less restrictive alternative treatment exists; and

(d) Whether the proposed treatment carries any significant risk of permanent side effects.

(4) Upon completion of the hearing, the court shall enter an appropriate judgment. The proposed treatment shall be authorized if supported by clear and convincing evidence. If the court denies the ICF/MR the right to administer the treatment in question, the ICF/MR may discharge the resident, unless an interdisciplinary team of the ICF/MR determines that an alternative treatment is available and acceptable to both the interdisciplinary team and the resident and would benefit the resident.

202B.250 Review hearing -- Procedures -- Disposition -- Requested hearing by resident or certain persons.

(1) No less than once in every five (5) years following the initial order for involuntary admission of a resident to an ICF/MR, or an order authorizing continued care and treatment following review pursuant to this section, the court shall hold a hearing to review the status of the resident and necessity for continued care and treatment in the ICF/MR. Notice at least twenty (20) days in advance of the hearing shall be provided by the court to the ICF/MR, county attorney, guardian or limited guardian of the resident, if any, or, if none, an immediate family member as listed on the last interdisciplinary report filed by the ICF/MR. The court shall appoint an attorney to represent the resident at the review hearing.

(2) The review hearing may be informal and held in open court, in chambers, or at the ICF/MR. The hearing shall be held without a jury and the resident shall be entitled to present documentary evidence and witnesses and cross-examine witnesses against the resident.

(3) At the conclusion of the review hearing, the court shall make written findings of fact concerning whether the criteria for involuntary admission set forth in KRS 202B.040 continue to be satisfied based upon clear and convincing evidence. If the court finds that the involuntary admission criteria continue to be satisfied, the court shall enter an order authorizing the continued care and treatment of the resident at the ICF/MR and shall establish the period within which the next review shall be held. Otherwise, the court shall enter an order requiring the resident to be discharged from the ICF/MR.

(4) If at any point during the resident's placement at an ICF/MR it appears that the resident no longer meets the criteria for involuntary admission set forth in KRS 202B.040, the resident, the resident's parent, guardian or limited guardian, immediate family member, or attorney may request a review pursuant to this section.

202B.260 Petition for writ of habeas corpus.

At any time, and without notice, a person detained at a facility, or a relative, friend, guardian, representative, or attorney on behalf of such person, may petition for a writ of habeas corpus to question the cause and legality of the detention and request that the Circuit Court issue a writ for release.

202B.270 Convalescent leave status.

(1) A physician may release a resident on convalescent leave status when the interdisciplinary team concludes that the resident would not present a danger or a threat of danger to self, family, or others if provided with continued medical supervision in a less restrictive alternative mode of treatment. Release on convalescent leave status does not terminate a court admission order and shall include provisions for the development of a treatment plan jointly by the ICF/MR and by a provider of outpatient care for follow-up care by the provider and for the continual monitoring of that resident's condition by the provider.

(2) The ICF/MR from which the resident is given convalescent leave status may at any time readmit the resident without additional court proceedings. If there is reason to believe that it is in the best interest of the resident to be readmitted, the secretary or an authorized staff physician of the ICF/MR may issue an order for the immediate readmission of the resident. The order, if not voluntarily complied with, shall, upon the endorsement by a judge of any court of the county in which the resident resides or is present, authorize any peace officer to take the resident into custody and transport the person to the responsible ICF/MR. Notice of readmission under this section shall be given to the originating court as soon as practicable and simultaneously with the order directing the readmission if possible.

(3) Release on convalescent leave status shall not apply to persons held under admission orders arising out of KRS Chapter 504 unless consent of the appropriate court is obtained.

202B.280 Peace officer authorized to take absent resident into custody and return resident to ICF/MR.

If a resident undergoing involuntary treatment on an inpatient basis is absent from the ICF/MR without or in excess of authorization from the ICF/MR staff, the person in charge or that person's designee may notify the appropriate sheriff or other peace officers who shall take the resident into custody and return the resident to the ICF/MR.

202B.290 Respite care.

Upon recommendation or approval of the interdisciplinary team of an ICF/MR, a physician may admit for respite care a mentally retarded person. Respite care provided to any mentally retarded person under this section shall not exceed a total of thirty (30) days in any calendar year.

202B.300 Return of Kentucky residents from other states -- Determination of need for further admission.

(1) Legal residents of the state who have become public charges in other states and have been returned to Kentucky because they have been involuntarily admitted may be immediately admitted to an ICF/MR at the request of the secretary or the secretary's designated representative.

(2) Within seventy-two (72) hours, excluding weekends and holidays, of the admission date, the staff of the ICF/MR shall determine the need of the person for further admission. If two (2) qualified mental retardation professionals, at least one (1) of whom is a physician, conclude that the person shall be involuntarily admitted, they shall file in the appropriate court a certification requesting involuntary admission procedures be initiated under the provisions of this chapter, unless the person has agreed to remain voluntarily and possesses the mental capacity to give informed consent for voluntary admission.

202B.990 Penalties.

- (1) The unwarranted admission of any person under the provisions of this chapter; or
- (2) The denial of any person of any of the rights accorded to him under the provisions of this chapter shall be punished by a fine not exceeding five thousand dollars (\$5,000) or imprisonment for a term not to exceed five (5) years or both.
- (3) Any person who violates the confidentiality of any mental health record under the provisions of this chapter shall be guilty of a Class A misdemeanor.

(1) The secretary may promulgate administrative regulations in accordance with KRS Chapter 13A to effect the purposes of this chapter. While the cabinet shall continue to have primary responsibility for investigation and the provision of protective services under this chapter, nothing in this chapter shall restrict the powers of another authorized agency to act under its statutory authority.

(2) Any person, including but not limited to physician, law enforcement officer, nurse, social worker, cabinet personnel, coroner, medical examiner, alternate care facility employee, or caretaker, having reasonable cause to suspect that an adult has suffered abuse, neglect, or exploitation, shall report or cause reports to be made in accordance with the provisions of this chapter. Death of the adult does not relieve one of the responsibility for reporting the circumstances surrounding the death.

(3) An oral or written report shall be made immediately to the cabinet upon knowledge of suspected abuse, neglect, or exploitation of an adult.

(4) Any person making such a report shall provide the following information, if known:

- (a) The name and address of the adult, or of any other person responsible for his care;

If information is gained through assessment or investigation relating to emergency circumstances or a potential crime, the cabinet shall immediately notify and document notification to the appropriate law enforcement agency;

(b) Notify each appropriate authorized agency. The cabinet shall develop standardized procedures for notifying each appropriate authorized agency when an investigation begins and when conditions justify notification during the pendency of an investigation;

(c) Initiate an investigation of the complaint; and

(d) Make a written report of the initial findings together with a recommendation for further action, if indicated.

(6) (a) The cabinet shall, to the extent practicable, coordinate its investigation with the appropriate law enforcement agency and, if indicated, any appropriate authorized agency or agencies.

(12) (a) By November 1 of each year and in accordance with state and federal confidentiality and open records laws, each authorized agency that receives a report of adult abuse, neglect, or exploitation shall submit a written report to the cabinet that provides the current status or disposition of each case referred to that agency by the cabinet under this chapter during the preceding year. The Elder Abuse Committee established in KRS 209.005 may recommend practices and procedures in its model protocol for reporting to the cabinet under this section.

209.060 Privileged relationships not ground for excluding evidence.

Neither the psychiatrist-patient privilege nor the husband-wife privilege shall be a ground for excluding evidence regarding the abuse, neglect, or exploitation of an adult or the cause thereof in any judicial proceeding resulting from a report pursuant to this chapter.

(1) No monetary liability and no cause of action shall arise against any mental health professional or person serving in a counselor role for failing to predict, warn or take precautions to provide protection from a patient's violent behavior, unless the patient has communicated to the mental health professional or person serving in a counselor role an actual threat of physical violence against a clearly identified or reasonably identified victim, or unless the patient has communicated to the mental health professional or other person serving in a counselor role an actual threat of some specific violent act.

(2) The duty to warn or to take reasonable precautions to provide protection from violent behavior arises only under limited circumstances specified in subsection (1) of this section. (a) Definitions. As used in this rule:

(1) A "patient" is a person who, for the purpose of securing diagnosis or treatment of his or her mental condition, consults a psychotherapist.

(2) A "psychotherapist" is:

(A) A person licensed by the state of Kentucky, or by the laws of another state, to practice medicine, or reasonably believed by the patient to be licensed to practice medicine, while engaged in the diagnosis or treatment of a mental condition;

(B) A person licensed or certified by the state of Kentucky, or by the laws of another state, as a psychologist, or a person reasonably believed by the patient to be a licensed or certified psychologist;

(C) A licensed clinical social worker, licensed by the Kentucky Board of Social Work; or

(D) A person licensed as a registered nurse or advanced registered nurse practitioner by the board of nursing and who practices psychiatric or mental health nursing.

(3) A communication is "confidential" if not intended to be disclosed to third persons other than those present to further the interest of the patient in the consultation, examination, or

interview, or persons reasonably necessary for the transmission of the communication, or persons who are present during the communication at the direction of the psychotherapist, including members of the patient's family.

(4) "Authorized representative" means a person empowered by the patient to assert the privilege granted by this rule and, until given permission by the patient to make disclosure, any person whose communications are made privileged by this rule.

(b) General rule of privilege. A patient, or the patient's authorized representative, has a privilege to refuse to disclose and to prevent any other person from disclosing confidential communications, made for the purpose of diagnosis or treatment of the patient's mental condition, between the patient, the patient's psychotherapist, or persons who are participating in the diagnosis or treatment under the direction of the psychotherapist, including members of the patient's family.

(c) Exceptions. There is no privilege under this rule for any relevant communications under this rule:

(1) In proceedings to hospitalize the patient for mental illness, if the psychotherapist in the course of diagnosis or treatment has determined that the patient is in need of hospitalization;

(2) If a judge finds that a patient, after having been informed that the communications would not be privileged, has made communications to a psychotherapist in the course of an examination ordered by the court, provided that such communications shall be admissible only on issues involving the patient's mental condition; or

(3) If the patient is asserting that patient's mental condition as an element of a claim or defense, or, after the patient's death, in any proceeding in which any party relies upon the condition as an element of a claim or defense.
